OF LOCAL INTEREST

Some People We Know, and We Will Profit by Hearing About Them.

This is a purely local event. It took place in Barre. Not in Buffalo or New York. You are asked to investigate it. Asked to believe a citizen's word. To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence. Than one you know nothing about. Endorsed by unknown people. C. N. Benedict, 8 Eastern avenue, Barre, Vt., says: "The great merit of Doan's Kidney Pills has been so amply proven to me that I can give them the strongest endorsement. Four or five years ago I was injured and from that time on, was troubled a great deal by pains across my loins and kidneys. Stopping or lifting would cause great distress and I was annoyed a great deal by a retention of the kidney secretions. A friend knowing how I was troubled, advised me to try Doan's Kidney Pills and I did so. I received the most gratifying results. My back and kidneys were strengthened and my general health wonderfully improved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

EAST MONTPELIER

Earl Bartlett of Plainfield is working on the railroad section here.

E. B. Arbuckle and family spent Sunday with relatives in Barre.

Mr. Dutton of Cabot was a visitor in town last Thursday and Friday.

Harry Daniels went to Cabot last Saturday to attend a district union of I. O. G. T.

Mrs. John Long, who has been very ill with rheumatism since last summer, does not gain yet.

A son, weighing eight pounds, was born Feb. 2d to Representative and Mrs. Harry Daniels.

Mrs. O. B. Field, who has been ill and under the doctor's care a long time, is much better now.

Young members of the grange are preparing a play. They hope to give it before long at the hall.

Mr. and Mrs. Fredrickson of Plainfield were in town to stay at the Lavigne farm while Mrs. Lavigne was in Burlington.

Frank Davidson was quite ill with mumps last week and his place in Townsend's market was filled by Wilbur Bartlett of Plainfield.

A class will be given the third and fourth degrees at the regular meeting of the grange next week, after which a supper will be served.

Mrs. Elizabeth Woods and son, George, and Mrs. McAllister were at the home of William Mears in Barre Town Sunday and Mrs. McAllister will stay a while with her brother, Mr. Mears.

Some colts belonging to Joe Murray strayed from the yard one day last week and got on the railroad track, going through to the station before they were caught, delaying two trains for a few minutes.

Phil Batchelder and brother Volney Persons are spending the winter in Marshfield getting out lumber on a large wood lot they own there. Mrs. Batchelder is also up there keeping house for them. They have already cut a large amount of timber for mill.

The musical convention was the largest ever held here and thought by many to be the best. The account of it in "Saturday Times" should have read mixed chorus of 60 voices instead of male chorus. All the surrounding towns were well represented, as were also Williamstown, Brookfield, East Barre, Marshfield and Hardwick.

Charles Lavigne went to a hospital in Burlington for an operation about four weeks ago and was thought to be doing well and expected home soon, but word was received last Friday night that he was worse and Mrs. Lavigne went to Burlington Saturday morning. She returned home Tuesday afternoon, leaving him on the gain and comfortable as could be expected.

MONTPELIER

The office in the old post office building on State street formerly occupied as a law office by Hon. Zed S. Stanton until his appointment to a place on the superior bench, has been rented to the General Accident Insurance Co. of Philadelphia which will come into this city to do business. The manager is a Mr. Conway, a former Northfield boy.

The funeral of Edward Daniels was held yesterday afternoon at his late home in Middlesex. Rev. J. Edward Wright of this city officiating, and burial was in the Lewis cemetery. Mr. Daniels had been ill with Bright's disease, which eventually caused his death. He was 53 years of age and is survived by two sisters, Mrs. C. C. Graves and Mrs. Frank Nichols, and two brothers, Bert and Henry Daniels, all of Middlesex.

The adjourned annual meeting of the trustees of the Kellogg-Hubbard library was held in the institution Tuesday evening. The officers were re-elected as follows: President, George W. Wing; secretary, Dr. J. Edward Wright; treasurer, A. D. Farwell. The committees of last year were re-elected. The reports of the several committees were on one day and the meeting was adjourned for another week. The other trustees of the library are F. H. Howland and J. W. Brock. The election of a librarian was not considered.

Representative Nehemiah D. Sperry of Connecticut is the oldest man in the house of representatives. He will be eighty-one years old in July.

Frust Schliman, although ninety-one years old, is still an active undertaker in Milwaukee, Wis. He arises at 5 every morning and attends mass.

Dr. James A. Craig, professor of Semitic languages at Ann Arbor, Mich., invented a system of shorthand when a student at McGill university. He has used it constantly for thirty years.

Richard A. Ballinger of Seattle, who is mentioned for the position of secretary of the interior in President Taft's cabinet, is about fifty years of age and a lawyer by profession. He has served as county judge, as mayor of Seattle and as a commissioner of the general land office.

There are two millionaires in the great and general court of Massachusetts—Representative Frank Curtis of Sheffield, who looks like General Grant, and Representative Robb De Peyster of Tyngham, who is an Egyptologist and uncovered the tomb of King Amenhotep.

Just before Elihu Root entered the Roosevelt cabinet as secretary of state, says the Hartford Courant, a friend wrote to him, "Why not wait three years and get the substance instead of taking the shadow now?" Mr. Root wrote back, "I have always thought that the opportunity to do something worth doing was the substance and the trying to get something was the shadow."

THINGS THEATRICAL.

Charles B. Wells is playing the sheriff in "The Girl of the Golden West" in a Cleveland company.

At the end of her vaudeville engagement Miss Henrietta Crossman is to appear in "Sham," a play by Elmer B. Harris.

Frederic Thompson announces that his wife, Mabel Taliaferro, will appear in her new play only in the four principal cities.

William Collier will not go to London in "The Patriot" until next season, but will spend the rest of the season in New York.

A new musical play is to be produced in London called "The Little Duke," with Ellaline Terris in the leading role. The production will be made by Charles Frohman.

SAVING PLANTS IN WINTER.

Suggestions as to the Best Means of Protection.

The utility of protecting plants, bulbs, shrubs and trees of all kinds is not sufficiently appreciated. Even those of reputed hardiness in any given climate will repay the expense of partial protection from the severity of low temperature.

The degree of cold that plants will resist without being injured cannot be determined except by actual experiment, as their power of resistance depends entirely on their environment. A plant sometimes will be destroyed by exposure to a temperature not lower than it had previously encountered without sustaining any apparent injury. The exact process by which cold destroys plants is a matter upon which there is yet room for conjecture. The mechanical action of frost on vegetable tissue undoubtedly is a cause of injury.

It is well known that more degrees of cold do not indicate the extent of the injury that plants suffer during winter. The moisture of the soil and the moisture of the atmosphere are of equal importance. Plants that pass with safety through a below zero cold in December frequently will be destroyed by the dry winds of March, although the thermometer may not indicate 10 degrees of frost. The moisture of the plant is evaporated, and the injury will depend upon the amount thus evaporated.

In a climate as changeable as ours it is by no means an uncommon occurrence to have all the seasons represented in a period not exceeding forty-eight hours. Consequently during midwinter plants suffer more here than in climates much colder, where the ground is covered with snow the entire winter. To the layman it is hard to explain why plants that are perfectly hardy in Maine when transferred to the White House gardens at Washington frequently are destroyed by 10 or 15 degrees of frost because of no covering.

The thickness of protection should depend upon the size of the plants. Of course all this is more particularly for newly planted material. All trees will be much better with a blanket four inches thick. For trees two to three inches in diameter make a mat of at least three feet across the base of the tree.

Work of Large and Small Cows.

Small cows consume relatively more feed and produce more dairy products than large ones. The Jerseys per thousand pounds live weight, consumed daily during the St. Louis dairy demonstration on an average 17 per cent more nutriment than the Shorthorns, 20 per cent more than the Swisses and over 50 per cent more than the Shorthorns, but they returned 43 per cent more butter fat than the Swisses, 70 per cent more than the Swisses and 100 per cent more than the Shorthorns.

Relics of the Druids.

At Stonehenge, England, there are lines and circles of great stone columns, some with slabs of stone laid across the top. These stone pillars are supposed to be altars built by the Druid priests where human victims were sacrificed to the gods.

Reindeer Skin.

The skin of the reindeer is so impervious to the cold that any one clothed in such a dress, with the addition of a blanket of the same material, may bear the intensest rigors of an arctic winter's night.

Stop it! Why cough? Stop it!

Stop coughing! Coughing rasps and tears. Stop it! Coughing prepares the throat and lungs for more trouble. Stop it! There is nothing so bad for a cough as coughing. Stop it! Ayer's Cherry Pectoral is a medicine for coughs and colds, a regular doctor's medicine. Use it! Ask your doctor if this is not good advice.
